PROFESSIONAL EXPERIENCE

CONCENTRIX | *Technical Support Advisor (Technical Support Analyst)*

Remote / Welland, ON | March 2025 – Present

- **High-Volume Case Management:** Manage 20–25 complex technical and financial cases daily (600+ monthly) involving payment discrepancies, fraud detection, and hardware/software issues.
- **Process Optimization:** Designed and implemented standardized troubleshooting checklists and resolution templates, **reducing repeat follow-up cases by 25–30%** and improving First Contact Resolution (FCR).
- **Financial Integrity:** Process sensitive transactions with 100% accuracy, ensuring strict compliance with risk, fraud prevention, and industry-standard regulatory requirements.
- **Cross-Functional Collaboration:** Partner with Finance, IT, and Development teams to escalate and resolve recurring system bugs, successfully reducing overall escalation volume by 15%.
- **Performance Excellence:** Consistently maintain a **95%+ customer satisfaction score** while meeting all key performance indicators (KPIs) and strictly adhering to service level agreements (SLAs).
- **Mentorship:** Act as a Subject Matter Expert (SME) for junior advisors, providing guidance on complex troubleshooting, onboarding new hires, and supporting team-wide KPI achievement.

TIM HORTONS | Assistant Manager (Operations)

Melfort, SK | February 2023 – February 2025

- **Operational Leadership:** Supervised daily operations and led a diverse team of 10–12 employees, ensuring consistent service quality and operational efficiency.
- **Asset Management:** Managed **\$40K+ in monthly inventory** and financial reconciliation, coordinating with vendors for accurate delivery and claim processing.
- **Process Improvement:** Introduced production planning templates that **reduced preparation time and lowered food waste by 10%**.
- **Compliance & Auditing:** Achieved top-tier Strietech inspection scores by maintaining strict operational compliance and audit readiness.
- **Staff Development:** Conducted hands-on training and cross-skill development for new hires, improving overall employee efficiency and output by 18%.
- **Customer Success:** Implemented new feedback tracking system, contributing to a sustained **98% customer satisfaction rate**.

TIGGY DELIVERY CORP. | Store Manager & Key Holder

Toronto, ON | January 2022 – July 2022

- **Workforce Optimization:** Managed scheduling and supervision for **40+ employees**, optimizing labor allocation to meet peak demand periods.
- **Workflow Restructuring:** Improved operational turnaround time by 15% through a complete audit and restructuring of on-site roles and responsibilities.
- **Performance Analysis:** Coordinated with upper management on weekly productivity reports, utilizing MS Excel and Google Sheets to track real-time expenses and labor costs.
- **Support Framework:** Reduced customer resolution time by 30% by implementing a new structured support response framework for delivery-related issues.
- **Sustainability Initiatives:** Implemented waste reduction and recycling programs, lowering non-recyclable output by 20% within the first four months.
